Game Q&A Forum Instructions

Updated 9.18.2017

Forum Overview

The Game Q&A Forum is a place where teams can ask questions and receive official feedback about the game rules, robot rules, advancement criteria, and judging. Teams can also access the technology forum, where software updates are posted. There is also an open forum section to allow teams to communicate with one another. New teams will receive an email from *FIRST* Tech Challenge with their user login information and instructions. For issues logging into the forum, please email FTCTeams@firstinspires.org.

8. Create a title for your question, and ask your question in the text box. Once you are done click "Post".

If a team has more than one question, they should each question separately.

9. After posting your question you will be returned to this screen. You will not be able to see your question until it has been answered and approved by a moderator.
